# THE KINGDOM EXODUS

With THE KINGDOM EXODUS, Lars von Trier continues and finishes his internationally acclaimed 1990s cult series classic: The ghost story about the hospital built on top of the old bleaching ponds in Copenhagen, where evil has taken roots and the medical science faces a daily struggle with itself, where the Swedes curse the Danes, and the mysterious and inexplicable blend together in a mixture of horror and humour. The third and final season was already outlined in the 1990s, but was not realized – until now.

The Zentropa-produced series will world premiere in Venice within the section 'Out of Competition' for which a special cut has been prepared, enabling the series to be screened as a five-hour-long film version.

THE KINGDOM EXODUS will star an exciting range of characters from the earlier seasons and new cast members. The cast comprises acclaimed Danish actress Bodil Jørgensen (THE IDIOTS, 1998), internationally acknowledged actor Mikael Persbrandt (SEX EDUCATION; 2019-21; THE HOBBIT, 2013-14), Emmy Award-winning actor Lars Mikkelsen (DEVILS, 2020-22; THE WITCHER, 2019-21; HOUSE OF CARDS 2015-18), Nikolaj Lie Kaas (RIDERS OF JUSTICE, 2020), and Tuva Novotny (BLINDSPOT, 2018) together with David Dencik (NO TIME TO DIE, 2021; CHERNOBYL, 2019) and Primetime Emmy Award-winning Alexander Skarsgård (SUCCESSION, 2021; BIG LITTLE LIES, 2017-19) who will guest star in the series.

Other Danish heavyweights include Ghita Nørby, Nicolas Bro, Søren Pilmark, Peter Mygind and Laura Christensen, as well as German prolific actor Udo Kier.

Lars von Triers "THE KINGDOM EXODUS" is presented by Viaplay Group and DR. Produced by Zentropa Entertainments, in co-production with Film i Väst, Zentropa Sweden, Ginger Pictures, with support from Nordisk Film & TV Fond, co-produced with support from BNP Paribas Fortis Film Finance, developed with The Support of the Creative Europe Media Programme of The European Union. # **SYNOPSIS**

Sleepwalker, Karen, is summoned to the Kingdom by a mysterious voice appearing to her in a nightmare, pleading for help. At the hospital, she comes across old friends of the Kingdom as well as new members of staff. To exorcise the evil spirits once and for all, Karen joins forces with the hospital porter, Bulder, and the heart surgeon, Judith – but satanic forces fight back.

The Swedish chief physician, Dr Helmer Jr, has recently obtained a position at the Kingdom. But his medical calling is far from his main priority as he hides a secret agenda that involves finding out what really happened to his late father, Stig Helmer.

Hospital director, Bob, suffers terribly from feelings of inferiority and struggles alternately between solving games of solitaire on his computer and optimising the hospital's finances. Meanwhile, senior consultant, Dr Pontoppidan, does his best to avoid both patients and members of staff with their difficult questions and numerous demands.

We also come across Rigmor, who is now a patient at the Kingdom, Dr Krogshøj, who still walks around in an evil, trancelike state, a special group of anonymous Swedes, as well the surgeon, Dr Naver, who struggles to control his anger. It would appear everything is as it's always been and yet nothing is the same. Be prepared to take the good with the evil.

# **DIRECTORS STATEMENT**

Borders come in many forms; they may be lines drawn with rulers on white paper (often invisible to whoever chances to visit the actual geographical locations). The lines of the borders may be illustrative, if not to say quite fictitious and downright mean; they may be drawn in a soft, red color, practically invisible, and perhaps even as a dotted line, almost as if indicating an apology or even - shame.

Nevertheless, the lines hang there in inconceivable numbers, and together they constitute those 'territories' that the inhabitants are strong enough to defend. Entering and leaving often entail violence, for, of course, any visitor is expected to return after ending his or her business.

On Earth, "the Machine that makes everything go round (all life, that is)" is dependent on the conflicts which the lines provoke, as if by design.

Whether Exodus actually means "entering" or "leaving" depends on the angle from which the border is observed, but the word simply describes a large number of individuals crossing a pencil-drawn line together.

Why?.... There is an imbalance between good and evil! The limit has been reached, at least at the Kingdom.... But I cannot testify that it will be easy and bloodless to pick the seven astral locks of the world simultaneously with doctor's blood.
